

ANTI-TOXIN

To Be Furnished Free by the State on Application of Local Boards of Health.

Free anti-toxin will be furnished by the state to local boards of health. All the local boards have to do is to make application for it. This is the substance of a bulletin sent out Thursday by the state board of health.

No argument is necessary as to the usefulness of anti-toxin in the treatment of diphtheria. It has reduced the mortality from this disease by one-half. It has also greatly reduced the duration of the disease in the cases which recover, and consequently shortened the period of quarantine. It is of still greater use in small doses to prevent diphtheria in those exposed to the disease.

In the bulletin the state board urges local boards of health to make use of their authority and order anti-toxin for the cure and prevention of diphtheria. Hereafter if a city has not a supply on hand it is the fault of the health authorities and there can be no excuse.

The last legislature passed an act authorizing local boards of health to furnish anti-toxin free, but it was not signed by the presiding officers of the house and senate or by the governor, hence did not become a law. So it was necessary for the state board of health to find out whether there was any authority for the state board to make free distribution of anti-toxin to local boards of health. The question was put up to Attorney Ellis and he answers:

"I am of the opinion that the expense thereby created is included within the language of Section 2138 R. S. and that the following language, there employed, is not limited to periods of epidemics, viz:

"And when expenses are incurred by the board of health, under the provisions of this chapter, it shall be the duty of council, upon application and certificate from the board of health, to pass the necessary appropriation ordinances to pay the expenses so incurred, etc."

"I therefore conclude that, in the event of the prevalence of diphtheria, in a given community, if the local board of health duly adopt an order or regulation to furnish anti-toxin for the treatment of indigent persons afflicted with such disease, or exposed thereto, the indebtedness thereby created would be a valid indebtedness of the municipality or the taxing district in which the same was thus authorized."

RESCUED

From Debauchery by the Salvation Army at Orrville.

Orrville, O., Aug. 17.—A Salvation Army post will be established in Orrville by the Wooster Salvationists. The latter are at present holding a series of meetings in Orrville. They meet nightly and Sundays under a large tent. One of the most notorious drunkards in town, a young man of much ability, has been rescued from his career of debauchery. He has a family and formerly was a train dispatcher on the Wabash railroad. He lost his position because of drinking. Since conversion, he is now seen regularly with the army band on the streets.

PEOPLE WIN

In the Coney Island Traction Fight — Acting Mayor Issues Orders.

New York, Aug. 17.—As the result of the agreement reached between members of the city government and the officers of the B. R. T. whereby the question of the ten-cent fare to Coney Island is to be threshed out at once, there was very little rioting at the second fare points, although the police were still on duty. The leading attorneys for the B. R. T. and lawyers representing the Brooklyn City club, the city of New York, and the several merchants' organizations which have been working along the line of a five-cent fare to sea, went to Albany and will confer with Attorney General Mayer relative to the best method of securing a speedy court decision on the points involved. In the meantime all persons who pay a ten-cent fare will receive a five cent rebate if the court upholds the decision.

Acting Mayor Magoon has issued a proclamation to the people of New York telling them that the fare to Coney Island would be five cents in the future, that the legal fight to retain the ten-cent fare would not stand.

UNLICENSED

Engineers Said to be Working in Youngstown Rolling Mills—Arrests Likely to be Made.

Columbus, O., Aug. 17.—W. E. Kennedy, chief examiner of stationary engineers, has sent Deputies John T. Schuller, of Cincinnati, and E. H. Harman, of Columbus, to Youngstown to investigate a complaint that unlicensed engineers are working in the steel mills there. Mr. Kennedy paid a flying visit to the city one day last week and is inclined to believe there is basis for the complaint. On account of illness, J. A. Manning, the Youngstown deputy, has been unable to investigate the situation and has got behind in his work. His territory will be covered by the deputies detailed for the special investigation. Two years ago the department had trouble of the same kind with the engineers working in the mills. They change around so often that it is rather difficult to round them up, but the deputies were quite successful in locating them and compelling them to take the examination for a license. Chief Kennedy is determined to break up the practice if he has to make a number of arrests to accomplish this.

DR. OLIVER UNDER BOND.

Arrested on a Charge of Assaulting a Prosecuting Attorney of Michigan.

Akron, O., Aug. 17.—Mayor Kempel at the close of the hearing Wednesday afternoon bound Dr. Thomas Oliver over to common pleas court to await the action of the grand jury on the charge of assault with intent to kill. Bond was fixed in the sum of \$500, in default of which he was taken to the county jail Thursday.

Oliver was charged with assaulting C. S. McIntyre, deputy prosecuting attorney of Kalamazoo, Mich., at the home of Oliver's mother, Mrs. Philinda Oliver, 838 Boulevard, early Sunday morning.

Killed by Brother-in-Law.

Cincinnati, O., Aug. 17.—James Mathews, aged 45 years, formerly a successful proprietor of a patent medicine store, was instantly killed by his brother-in-law, Ed Hopkins, 31 years old, clerk in the office of the superintendent of the mail service for this district. Mathews was barred from the use of the mails in his business some time ago, and since then has been drinking heavily and was very quarrelsome. Hopkins, who surrendered to the police, claimed the shooting was in self-defense, although it does not appear that Mathews was armed. The scene of the murder was the Mathews home at Bond Hill, a suburb.

Ohio Speaker Present.

Malone, N. Y., Aug. 17.—About 2,500 grangers from St. Lawrence, Clinton and Franklin counties held a field day here yesterday. Addresses were made by Master of the Ohio State Grange Derbythick, State Senator George Galby, Attorney General Meyers, Assemblyman Meridith, and other prominent people.

Newspaper Advertisements.

The first newspaper advertisement appeared in Great Britain in 1642. In Greece advertising was done by public criers. The first printed advertisement in England was got up by the celebrated printer Caxton. It announced the completion of a book called "The Pryer of Salisbury."

The ancient Egyptians, Greeks and Romans were the first to use bill posters, some of which were found on the walls of buildings in Pompeii. It was not until the eighteenth century that magazines and newspaper advertising became the recognized medium between manufacturer and buyer.

A MAD DOG WAS KILLED

Made Its Appearance at Hartville Thursday and Attacked a Dozen or More Animals.

Hartville, O., Aug. 17.—This village and the community surrounding it has had a genuine mad dog scare during the past two days. Yesterday afternoon a dog in the worst stages of hydrophobia made his appearance on the farm of Milton Pontius and bit his dog. Later the farms of Samuel Machamer, Samuel Drumbeaugh, Francis Drumbeaugh, and a Mr. Einbauch were visited by the maddened brute, where dogs, horses, chickens and other animals were attacked. A posse armed with guns pursued the dog, but they were obliged to give up the chase when darkness set in. Early this morning the dog was discovered at the farm of a man named Crocker, where it killed a lot of chickens. From Crocker's the brute made a mad race to the residence of Bishop Gilgrin and bit his dog. When leaving the place Gilgrin succeeded in killing the maddened brute, after which he shot his own canine.

The whole township is in a state of excitement, as there is no telling at this time just how many animals were bitten.

Precaution will be taken to kill every dog which had been attacked and it is hoped no serious results will follow.

WITH THE EAGLES

Milwaukee, Aug. 17.—To the music of more than a score of bands, and dressed in all manner of costumes from conventional frock coat and high hat to the fantastic habiliments of clowns, 12,000 Eagles, representing all sections of the union, marched through the streets of Milwaukee in one of the largest parades the city has ever seen. More than 100,000 men, women and children assembled along the line of march to do honor to Milwaukee's guests.

The parade was reviewed by Grand Worthy President Henry D. Davis, attended by a suite of nearly all the past and present grand worthy officers of the order.

SOUVENIR CARDS

Can't Go Through the Mails Bearing Lynching Pictures.

Washington, Aug. 17.—Acting Postmaster General Hitchcock issued an order denying the mails to souvenir postal cards bearing the photograph of Gillespie and Dillingham, negroes lynched at Salisbury, N. C., last week. Hundreds of postal cards portraying the lynching were printed by a Salisbury firm after the lynching and sold for distribution.

Auto Accident in Jersey.

Atlantic City, Aug. 17.—William Moody and Thomas Barrett, of Jersey City, bound for Atlantic City in automobiles, near Hammonton were probably fatally injured in an accident to their machine. It was running at a high speed when a pin loosened and dropped from the steering gear, resulting in the loss of control of the machine. The automobile zig-zagged across the road, jumped into a ditch, and threw both men out. Then it jumped back into the road and brought up in a clump of woods about 200 yards from where the men were thrown out. How long the injured men lay in the ditch along the road is not known. They were found by another auto party and taken to Hammonton. They are being given the best care, but it is feared neither will live.

Took a Drink; Money Gone.

Cleveland, August 17.—O. B. Myers, representing a large whiskey firm in Pittsburg, was robbed in a saloon on East Ninth street, of every cent he had. Two hundred dollars in cash and a hundred dollar check was taken from his pocket after he had ordered a drink. When he started to leave the saloon he found himself penniless and appealed to the police who arrested Charles M. McRayen, of 160 East Ninth street. McRayen is alleged to have had part of the money when arrested and is held on the charge of pocket-picking. Myers lives in Pittsburg.

GUILBERT FEARS ERROR.

Treasurer's Books at Akron Examined by State Officials.

Akron, Aug. 17.—At the direction of State Auditor Guilbert, who fears that funds may have been juggled in the recent examination of the county treasurer's books, E. M. Halbedel, of Upper Sandusky, and J. C. Woods, of Delaware, special examiners, have arrived to go through all of Fred E. Smith's accounts as county, city and school board treasurer.

GLASS PANTS DELAYED IN THEIR FALL OPENING.

Cleveland, August 17.—Claiming that at least 15 per cent of the window glass product of last year is yet unsold, window glass manufacturers to the number of 60 from all over the United States and representing 1735 of a total of 2375 pots, voted at a meeting held to delay the starting of their plants until November 1. Usually the plants are started on September 1. The American Window Glass company has agreed to co-operate with the independents in this movement. Tomorrow a committee of the manufacturers will confer with President A. L. Lukner, of the Amalgamated Window Glass Workers of America, prepared to offer a wage increase of from 15 to 20 per cent for the next year in consideration of his agreeing to keep his men out of all factories until November 1.
